

MARSLAND.

We notice that there is not a single saloon in the "new" HERALD, which is to our notion a very commendable feature. The editor who dares to run a newspaper in northwest Neb., without taking up that line of work deserves a chrono or, better still, the patronage of all good citizens.

Congressman Kinkaid has introduced a bill providing a bronze medal for James H. Cook of Agate, in recognition of valiant services by him rendered as guide, trailer and escort in assisting the army in campaigning against hostile Indians, especially in the noted Geronimo campaign. Mr. Cook is a resident of our own beautiful valley which is a part of what was geographically termed a few years ago "The great American desert" and one has only to visit his fine ranch, look over its broad acres which bear the marks of intelligent industry, to decide that he is a man of perseverance and grit, and well deserving of the honor about to be conferred upon him.

Carl Tollman came down on Thursday with his five imported mules and transportation wagon and hauled the Woodman goat to Belmont where it will affiliate and ruminate with the Belmont goat among "the evergreen hills of nowhere." The Woodman lodge like many other good organizations in Marsland "ran well for a season" but the season was too short, and when the council chamber was converted into a Monte Carlo it was then that the goat came to grief and was turned out into the cold, cold world. For months he has been a prey to "Peck's bad boys," who ripped open his cage and rode him fearfully and it is said by those who assisted in loading him into the wagon that he was minus both eyes, one ear and his tail. Mr. Tollman's kind act should be reported to the humane society, who no doubt would take immediate steps to vote him a leather medal.
